Seal Applicator RSA-SA-400S

Feature

▶ The seal applicator assembly consists of a seal track/feeder and spare parts (needles, guiding tubes, grippers).

▶ It is used in SLU-3000 sealing station which applies wire seals on wire ends. Generally applicable to wire harness industry.

Specification

Model	RSA-SA-400S
Applicable Model	SLU-3000
Wire O.D.	1-5mm
Seal Height&O.D.	<17mm
Cycle Time	0.8-2sec
Power	30W
Voltage	AC 100-220V 50HZ
Air Source	5.5-7 Bar
Work Ambient	18-35℃
Humidity	Max. 65%
Weight	10KG
Packaging Dimension	L600mm×W400mm×H200mm
