

Cable Shield Unbraiding & Twisting Machine

RSE-BTM-60

Feature

- ▶ All kinds of ground wire, braided wire, isolation wire can be unbraided and twisted, completely replacing manual work.
- ▶ The gap between unbraiding brushes and the unbraiding speed can be adjusted.
- ▶ All the brushes are individually controlled by each power switch.
- ▶ The wire gripper is controlled by a foot pedal to start the twist and twisting time.

Specification

Model	RSE-BTM-60
Brushing & Twisting Length	5-60mm
Twisting Range	0.1-2 (mm ²)
Air Source	0.5-0.7 Mpa.
Motor Speed	1400R/s
Motor Power	10W
Voltage	AC 220V/50HZ
Weight	15kg
Dimension	L320mm x W320mm x H210mm
