

Cable Shield Twisting Machine

RSE-BTM-019

Feature

- ▶ Widely applicable. All kinds of ground wire, braided wire, shielded wire can be twisted.
- ▶ High efficiency. Completely replace manual work and makes the cable twisted strongly.
- ▶ User-friendly. Only need to put the cable in, tap on the pedal switch and complete the twisting.
- ▶ High flexibility. The scattered copper wires can be easily processed and cable of different O.D. can be twisted, no need to replace outside twisting head.

Specification

Model	RSE-BTM-019
Twisting Length	5-80mm (Customizable to 200mm)
Twisting Range	0.1-2 mm ²
Rotate Speed	1400r/s
Air Source	1.5-2.5kg/cm ²
Power	10W
Voltage	AC 220V/50HZ
Weight	12kg
Dimension	L340mm×W190mm×H210mm
