

HST Shrinking Machine

RSE-HST-8040

Feature

- ▶ 360 degree thermal cyclone to guarantee lower energy consumption, evenly heating and stable shrinking.
- ▶ High-Precision temperature control system with constant-temperature standby.
- ▶ 30 sec delayed cooling fan shutdown after system stop to extend heater life.
- ▶ Shrinking temperature, time, blowing speed and work mode can be set on the HMI.

Specification

Model	RSE-HST-8040
Tube Length	1-50mm
Tube O.D.	0.5-30mm
Heating Mode	Hot air
U-shape heating zone	80mm×40mm
Control Way	Sensor/foot switch
Voltage	AC220V/50Hz (single phase)
Power	2000W
Touch Screen	4.3 inch
Weight	8KG
Dimension	L385mm×W350mm×H300mm
