Movable Servo Wire Feeder (Lifting Type)
RSE-MLP-120

Feature

▶ Designed only for reel-packed wire with 400–800mm reel O.D. and 500mm reel width.

▶ Lower labor cost. Movable wire feeder with automatic reel lifting, no manual spool handling required.

▶ Servo-driven reel with automatic speed adjustment: higher pulley position, faster feeding speed.

▶ Quicker wire installation and changeover. Forward/reverse switch, no spool orientation required.

Specification

Model	RSE-MLP-120
Applicable Wire Packaging	Only reel cable
Reel Cable O.D.	400-800mm
Reel Cable I.D.	35-85mm
Rotation Motor	750W Servo Motor
Lifting motor	86mm Closed-Loop Stepper
Motor Speed	3000 RPM
Feeding Speed	60 meters per minute
Load Capacity	Max. 120kg
Power	1400W
Voltage	AC220V 50/60Hz (single phase)
Weight	100kg
Dimension	L1100mm×W1120mm×H1250mm
