

# Large Square Rotary Wire Stripper

## RSE-WS-500

### Feature

- ▶ Designed for processing of new energy charging gun and other extra-thick cable with high-quality requirements.
- ▶ High stripping precision with 0.2mm stripping length and cutting depth accuracy.
- ▶ Servo motor to guarantee neat cutting edge and high-precision cutting. No damage to conductors and .
- ▶ The gripper move horizontally to ensure that the center height is consistent when processing different wires.
- ▶ All parameters (including stripping length and cutting depth) can be set on HMI, and Chinese/English interface, to ensure easy setup for each function.

### Specification

Model	RSE-WS-500
Wire O.D.	12-50mm
Accuracy	±0.2
Productivity	10-30 pcs/min
Stripping Blade Stroke	0-65mm
Stroke	0-500mm
Stripping Stroke Control	Adjustable by ejector rob
Control System	Motion Conroller+Touch Screen
Stripping Way	Rotary cut, Stripping powered by cylinder
Feedng Way	Adjustable
Number of Rotations	Adjustable
Voltage	220V (single phase) 50-60Hz
Power	300W
Air Source	0.5-0.7Mpa
Weight	260Kg
Dimension	L1545*W6500*H1040mm
