

Wire Cutting Stripping & Bending Machine

RSM-CSB-1808

Feature

- ▶ Special design for electrical cabinet jump wires, bending wires processing.
- ▶ Both ends stripping and bending. Adjustable Bending length and degree, Bending position can be set on HMI, much easier to use.
- ▶ 200 pcs processing requirement memory, offering quicker machine set up.
- ▶ Capacity Range 1.5mm²-16mm²

Specification

Model	RSM-CSB-1808
Display	7 Inch HMI
Controller	Customized By RS
Linear Guide	Hiwin Linear Guide
Voltage	AC175V-250≤50/60HZ
Power	650W
Cutting Length	0.1mm-99999.9mm
Stripping Length	Front End 0.1-50mm, Rear End 25mm
Bending Length	Adjustable
Bending Way	Clockwise , Anticlockwise Bending , Degree of bending is adjustable, Max.135°
Capacity Range	1.5-16mm ²
Cutting Accuracy	0.002 x Lmm ,L= Cutting Length
Guiding Tube ID	6mm / 7mm / 9mm
Cutter Tools	High Speed Steel
Drive Mode	Three Rollers
Bending Qty	Max. 20 Sections.
Storage Capacity	200 pcs
Productivity	700-1200 pcs (Depends on the cable processing requirement)
Weight	63KG
Dimension	530mm*470mm*340mm
