

Shield Ring Eight-point Crimping Applicator

RSM-JPA-P8

7 DAYS
lead time

Feature

- ▶ 8-point crimping greatly improves shield layer signal transmission performance in HV cables.
- ▶ Improved crimp stability satisfies NEV vibrational impact resistance requirements.

Specification

Model	RSM-JPA-P8
Applicable Crimping Press	Crimping press of 4T or under 4T, 5T servo terminal crimping press, pneumo-hydraulic crimping press
Crimping Shape	Point Crimping
Shield Ring O.D.	5-30mm
Weight	6.4KG
Dimension	L172mm×W96mm×H162mm
