

Benchtop Taping Machine

RSM-TW-A35

Feature

- ▶ Space tape wrapping and continuous taping are both available.
- ▶ The harness puller can guide the harnesses and keep it straight before and during tape wrapping.
- ▶ Compact design, which can save space and be integrated into production line.
- ▶ Bench top, more suitable for bigger bundle size.
- ▶ User-friendly, easy operation and easily adjustable taping speed and taping turns.

Specification

Model	RSM-TW-A35
