

Large Cable Cutting & Stripping Machine (Full Motor Driven) **RSM-WCS-6150**

6mm²-150mm²

Feature

- ▶ Adopt 14 wheel drive with servo motor drive, which provides high precision, strong power and ensures no damage to the wire surface.
- ▶ The feeding wheel and releasing wheel can be directly set, saving time and labor.
- ▶ The feeding wheel with automatic lifting function which increased the strip length
- ▶ Adopt HMI operation interface, the parameters are visualized and easy to understand.
- ▶ With three-layer stripping program, it can be stripped into three layers, the productivity is 2-3 times than the original machine. 200 group programs can be stored, different parameters can be stored, easy operation
- ▶ Separate jigs, slitting jigs, ink-jet machines can be added

Specification

Model	RSM-WCS-6150
Display Way	7 Inch HMI
Applicable wire	6mm ² -150mm ²
Guiding Tube O.D.	ø32mm
Stripping length	Front end 0-500mm, Rear end 0-250mm
Min.Cutting Length	60m
Wire stripping Length	0-100m(beyond 100m can be customized)
Memory function	Max.200 groups
Driven Model	14 wheels
Blade material	Imported high speed steel
Voltage	220V
Power	1200w
Weight	270kg
Productivity	600-800 pcs/hour (depending one the wire)
Dimension	1180*650*1200mm
