

Desktop Cable Tie Strapping Machine

RSM-WT-80D/100D/120D

Feature

- ▶ Loaded loosen cable tie to vibrant disc, automatically feeding material, without manual operation
- ▶ Machine can automatically loaded and cutting off the cable tie, save time and labor, improve working efficiency to 3 times than operation by manual
- ▶ PLC man machine control, high precision, cable tie tightness can be adjusted
- ▶ The machine is upgraded to use pure electric, without additional air source, more space saving and more convenient operation

Specification

Model	RSM-WT-80D/100D/120D
Application Range	80mm/100mm/120mm
Tolerance	<0.01mm
Voltage	AC220/50HZ
Power	100W
Cycle Time	1.3s
Residue Length	1-3mm
Strapping Force	>20N
Bunding Size	1-30mm
Productivity	1500-1800PCS/h
Weight	150KG
Dimension	L1230×W550×H800mm
